

ABOUT ME

Experienced software engineer with 4 years of expertise in designing, developing, and implementing software solutions. I am proficient in C++, Python, Flutter-dart, PHP, XAMP, Java (Oracle Programming), and a lot more. Demonstrated the ability to collaborate with cross-functional teams to deliver high-quality products on time. Strong problem-solving skills and a passion for continuous learning and improvement, open to being trained.

SKILLS

Microsoft Package

Oracle

WORK EXPERIENCE

Multi-Needs Solution Internatinal Initiatives

Abuja, Nigeria
AUG 2020 - AUG 2021

Web Re-designer

I collaborated closely with clients to understand their brand identity, target audience, and business objectives.
Conducted comprehensive website audits and user research to identify pain points and opportunities for improvement.
Implemented responsive design principles and ensured cross-browser compatibility to optimize the user experience across devices.
Utilized HTML, CSS, and JavaScript to translate designs into functional web pages, adhering to best practices for web performance and accessibility.
Conducted usability testing and A/B testing to validate design decisions and iterate on design solutions.

Government Secondary School Kurudu

Abuja, Nigeria
JAN 2023 - AUG 2023

Arduino Robotics Engineer

Contributed to the development of Arduino Line Tracing Robots by designing and implementing C++ codes to help robots trace a black line or spot.
Utilized the C++ programming language to optimize the existing codebase and enhance product functionality.
Led a team of 35 students in the design and implementation of Arduino line-tracing robots.
Developed line-tracing robots, obstacle avoidance robots, and speed-runner robots using C++ programming and Arduino hardware, resulting in excellent performance and successful programming competition.

Armed Forces Radio

Abuja, Nigeria
April 2022 - present

Software Engineer

Collaborated with armed forces radio managers and stakeholders to gather requirements, prioritize tasks, and define project scopes.
Implemented best practices for code quality, testing, and deployment, resulting in improved efficiency and reliability.
Participated in code reviews, providing constructive feedback, and mentoring junior team members.
I designed a review and suggestion application alongside the Radio Connect app.

EDUCATION

Lincoln College Of Science
Abuja, Nigeria
2021

Bachelor

Relevant coursework in HTML, CSS, JS, Boostrap, Dart, C++, and Python.

SIIT
Texas, United State
2021

Higher National Diploma

Relevant coursework in computer software architecture and prototypes.

Internshala
Bangalore, India
2021

Higher National Cerificate

Relevant coursework in Python programming, C++, and Java (Oracle).
